Thank you for growing with us

Thank you for being among the first to join Golden 1's expanding Business Services family. Your partnership means a great deal to us, and we're honored to support you as your business grows and evolves.

We're continuing to expand and enhance our business banking solutions, and and we're excited to share what's new. Golden 1 has partnered with Clover® to bring you customizable Merchant Services to accept payments anywhere and streamline operations with modern Point Of Sale, e-commerce tools, and real-time reporting.

We're also preparing to introduce new business credit cards designed to simplify bookkeeping, support cash flow, and offer low-to-no fees with unlimited cash rewards.

We look forward to bringing you even more tools to help your business thrive. If you need assistance, our Business Member Support team is here at **1-877-909-5656** or **businessservices@golden1.com**.

Business rooted in community

As a proud, member-owned credit union, we care about our communities and are deeply dedicated to helping our business members thrive within them. Last year, Golden 1 invested $3.5 million to communities across California – strengthening local neighborhoods and creating opportunities that ultimately support a healthier environment for businesses growth.

Our investment included revitalization efforts in Del Paso Heights, $750,000 in Community Grant funding, $100,000 for California State University food pantries, and nearly $500,000 in scholarships for California students. These efforts help build stronger, more resilient communities, creating pathways for future talent, supporting local infrastructure, and fostering environments where businesses and residents can succeed together.

Upgrade your payment tools

Not all credit card machines are created equal—and the right one can make your operations run smoother.

Mobile Point Of Sale terminals allow you to take secure payments from a phone or tablet, whether you're on delivery routes or meeting customers in the field.

Virtual credit card terminals let you process payments without any equipment, ideal for mail or phone based sales.
