**Cal Fresh**  
**Reading and Beyond**  
**Since Day 1**  
**Golden 1 Credit Union**

There's just so many students out there who don't have enough money or just don't have money at all to purchase groceries.

Part of the CalFresh Ambassador Program is to give comprehensive education, information on the benefits of CalFresh and how it can help students build their own path to higher education or life goals.

It's amazing that they (Golden 1) are funding this program and providing these benefits for students. It's just amazing. I definitely want to give a big thanks to them.
