**Compassion Planet
Reading and Beyond
Since Day 1
Golden 1 Credit Union**

I've been at Compassion Planet for over a year and my experience has been really great. I've just gained a family because I didn't really have consistency in my life coming in.

We want our young people to learn how to find a job, get a job, keep a job and really develop a work ethic and without it they can't be independent. The second side is what we call educational therapy group where they learn to close the gap on soft skills, life skills, overcoming personal barriers. And so those are the main services we offer.

I became really vulnerable and share my emotions and share my truth. And then doing that, I just developed people that I could count on to be there for literally the rest of my life.

The kind of gifts that we've gotten from Golden 1 have been tremendous in helping to underwrite the cost of bringing trainees into our program which we do twice a year. It goes directly to our mentoring program and help really impact the lives of our trainees.

Golden 1, thank you so much for what you've invested into us. Your incredible reputation in the community, the way you've stood beside us has not only given us credibility but it has meant the world to us in the way you've helped empowered us to change the trajectory of lives of young people who really need the help. And so, thank you, Golden 1.
